Bolero

c o l l e c t i o n

Tradition is the “leading thread” and most important feature our Bolero Collection. The use of particular wood types: wood bribe for the bases, elegant rosewood for drawers and lower panels of cabinet doors. That allows all different elements included in the “Bolero Collection” to become a “sole moment” in the concept of cabinet making. The emphasis offered by precious details: black ebon inlays carved into the bribe wood. The severe refinery of bribe wood emphasized by gold-plated brass decoration with their antique effect. All elements composing the Collection have a glazed semi-polished surface
