THE SPIRIT OF THE PAST, LIVING
IN THE PRESENT

A new catalogue where influences from far-away lands blend with mythological expressions in which greatness and opulence join with beauty giving life, as with capricious gods, to splendid creations. There are the prestigious models created by "JUMBO GRUPPO ITALIA" destined for a cultured, discerning clientele, for all those who love and appreciate a classical, almost timeless, atmosphere without ever sacrificing the quality of a product that is highly recommended and guaranteed. For a collection that can only be described in superlatives, we cannot omit to mention the fabrics. Following in the most noble traditions of the Como area, a kaleidoscopic range of colours are carefully coordinated for each individual item, reflecting the splendour of distant times, transporting us to worlds where daydreaming becomes reality.

PALLADIUM RADICA
Collection

The Palladium Collection, which has already met the favour of the public, has been enriched by a new and stylish version, "Radica", with black enamelled or marbled columns. The graceful mixture of elements in French Empire and Italian Neo-classic styles has been even more improved by the pleasant contrast between the warm shade of the briarwood finish, the pure gold-bathed brasses and bronzes and the antique golden leaves in the decoration. "Radica" is therefore a collection unique of its kind, produced with the care and the artisan quality by which "JUMBO GRUPPO ITALIA" is already appreciated by an ever increasing number of customers all over the world.

THERE A LIGHT SHINING IN THE HOUSE

The warmth of Radica, the elegance of the particular black columns beautifully enhanced by bronzes and brasses.
