## ABOUT US

---

At COPPERSMITH CREATION, the human touch is evident at every stage of manufacture. This makes it possible to form and decorate earthenware products in line with the pure tradition.

COPPERSMITH CREATION has become an expert in the art of restoring antique bathroom fittings, creating his own brand around a unique principle: authenticity of style and modern function.

Oscillating between past and present, tradition and modernity, the COPPERSMITH endeavor is an unmistakably beautiful story.

## WHY COPPER

---

Copper is a natural element that contains antibacterial benefits, therefore bacteria and other harmful substances cannot survive on copper.

Copper sinks are becoming popular day by day. The advantage of using copper sink lies not only in its aesthetic value but in its durability for wear and tear.
