"In molte occasioni ho avuto il piacere di essere ospite in case bellissime. Un giorno un amico discendente di un'antica casata di Principi Veneziani mi ha espresso una richiesta particolare, una cabina doccia elegante e raffinata che potesse arredare la sala da bagno del suo Palazzo in centro a Venezia. Animati dalla passione abbiamo esaudito il suo desiderio costruendo un pezzo unico, prezioso. Dopo quell'esperienza alcuni clienti, spinti dall'aspirazione di esclusività, ci hanno richiesto prodotti adatti ad ambienti bagno raffinati ed unici. Ispirati dalle molteplici realizzazioni è nata a quel punto l'idea di offrire, ad un esigente pubblico d'intenditori, preziose cabine doccia dal più raffinato stile classico italiano costruite ogni volta con pregiati materiali e cura sartoriale"

**Dolce Vita Samo, il puro talento italiano**

*"Several times I've had the pleasure to be a guest in beautiful houses. One day, a friend of mine, a descendant of an ancient Venetian Family, asked me for something peculiar: an elegant and sophisticated shower enclosure which could furnish the bathroom in his palace situated in the centre of Venice. We've passionately fulfilled his desire through the creation of an exclusive and precious item. After that experience, some customers who were looking for exclusivity, asked for products which suit unique and refined bath rooms. In that moment, inspired by the different possibilities of creation, an idea sprang up in our mind: offering to a demanding audience, precious cabins dressed up with the most sophisticated classic Italian style and realized every time with excellent materials and tailoring care"*

Edificato nel 1336 dal conte Guglielmo Bevilacqua, il Castello successivamente diviene fortezza della Repubblica Serenissima di Venezia, subendo nel corso dei secoli, occupazioni, saccheggi, scontri, e vedendo passare diverse famiglie e grandi personaggi. Nell'ultimo decennio, grazie alla famiglia Iseppi/Cerato, il Castello viene restaurato e restituito all'antico splendore. Ancor oggi continua ad esprimere la sua forza ed il suo carattere possente, interpretato con grande stile anche all'interno della sala da bagno da Dolce Vita Samò.

*It was erected in 1336 by the Count Guglielmo Bevilacqua; few times later, the Castle becomes a fortress of the Serenissima Republic of Venice, suffering along the centuries for occupations, robberies, battles, and watching different families and great personalities passing by.*

*In the last ten years, thanks to the Iseppi-Cerato family, the Castle has been restored and brought back to us as beautiful as it was some centuries ago. Today it continues showing its strength and its firmness that Samò Dolce Vita interprets with a perfect style in the bathroom.*

## *Villa Fascinato*

La struttura originaria della villa risale al '400, anche se vari elementi retrodatano la sua costruzione di un altro centinaio d'anni. Tipica Villa Veneta, si distingue per eleganza: la maestosa facciata è arricchita da due torri laterali e da barchesse di servizio ed è presente un oratorio. Di particolare effetto anche la decorazione dell'interno del complesso.

La famiglia Chiari, attuale proprietaria della dimora, ha fatto proprio lo stile unico e la tradizione delle “Ville Venete”, Dolce Vita Samo, arredando la sala da bagno, sa interpretare anche quest’espressione d’arte unicamente italiana.

*The original structure of this country-house dates back to the fifteenth century, even if some of its peculiarities seem to be traced back to one century before.*

*We can define it as a typical country-house of Veneto Region and it distinguishes itself for the elegance: its stately façade is enriched by two lateral towers and some vaults; there’s also an Oratory.*

*The decorations of the internal rooms have a visual impact on the guests.*

*The Chiari family, the actual owner of the house, take the peculiar style of the “Ville Venete” tradition as its own; Samo Dolce Vita interprets also this original Italian art expression by furnishing this bathroom.*
