ACCESSORIES

## HANG TECHNOLOGY

### REFINED COPPER CASTING TECHNOLOGY

Fabricated with excellent copper, multiple processes and elaborative machining, high hardness, sound measurement, smooth, flat and free of impurity, superior texture quality and durable.

Ordinary copper with

Excellent copper with high purity

### ELABORATE PROCESSING

After multiple polishing and rubbing, processing by precise lathe, drilling, threading and dozens of working procedures, the product quality is strictly controlled to ensure high quality of the products.

### SEAMLESS WELDING

The advanced high-frequency welding machine is used, and the components are welded with silver bars, integral and seamless.

Surface fixed with holding screw threads

back fixed with tapping screw threads

### FASTENING

High-quality stainless steel tapping screw threads and holding screw threads are adopted, as well as top expansion bolts, fastened to the wall surface, stable and firm.

### FOLDABLE & MULTIPLE HOOKS

Foldable design, to save space of your bathroom. With multi hooks, convenient for placing more substances.
