feeling **SKIN**

SKIN IS OUR OBSESSION IN WHICH WE THINK, FEEL AND WORK. FIORA IS A BATHROOM FURNITURE MAKER BORN WITH A CLEAR VOCATION OF THE SEARCH AND DEVELOPMENT OF NEW CONCEPTS. FIORA WILL NOT SETTLE FOR JUST ANYTHING AND WANTS TO OFFER SINGULARITY.

The SKIN, our identity

Our sense is the sense of TOUCH in the broadest sense of the word. We have to touch to be able to feel and we want the objects we use to acquire value through the tactile sensations they give us.

Experimenting with DIVERSITY

Reality sets a path for us. Nature is diverse. We research and take ideas from it that we later apply to products that offer multiple and diverse solutions.

Enjoying QUALITY

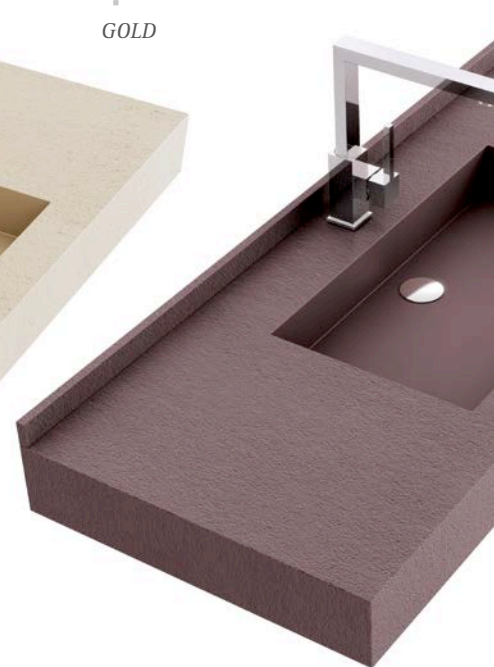

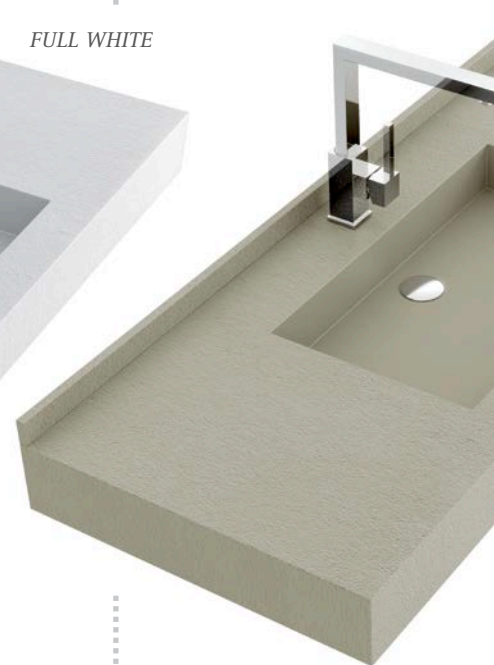

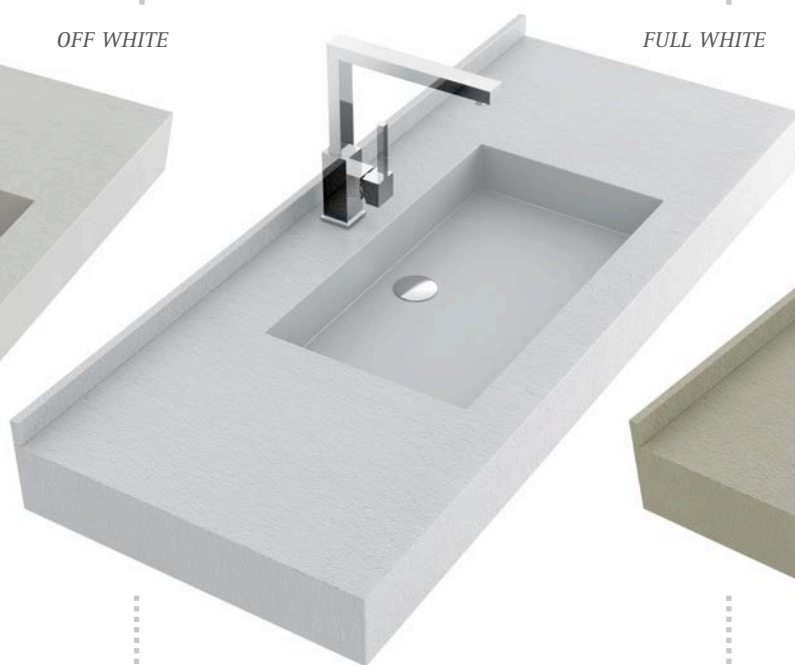

We research, work and create without ever losing our standard of QUALITY. Whatever their nature, FIORA products always respond to a high level of quality that exceeds the user's expectations.

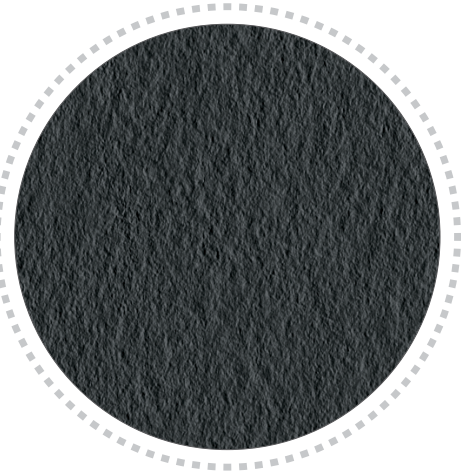

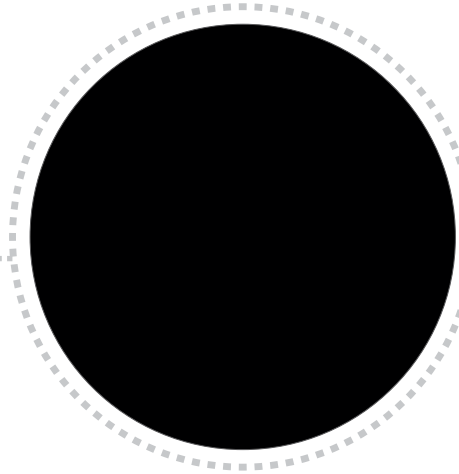

Creating COMFORT

All our work must not lose sight to its main goal, which is to improve the everyday life of people. We design to improve life, trying to provide value in each of the objects created.

FONTANA Collection

infinite SHAPES

THE SKIN IS FIORA'S HALLMARK. THE "BODIES" CREATED BY THE BRAND ACQUIRE A FULL IDENTITY THROUGH THE SKIN THAT COVERS THEM.

FIORA has created different finishes for its bathroom products: furniture, shower trays, and also sinks. The latter are characterised not only by the shapes they acquire, designed to stand out on their own, as well as offering the highest level of functionality, but also because they present multiple options in their finishes. Thus, we can choose any of the sinks in the SMOOTH, or SLATE finishes which, in turn, are presented in the 10 Fiora colour variations.
