feeling **SKIN**

SKIN IS OUR OBSESSION ON WHICH WE THINK, FEEL AND WORK. FIORA IS A BATHROOM FURNITURE MAKER BORN WITH A CLEAR VOCATION TO THE SEARCH AND DEVELOPMENT OF NEW CONCEPTS. FIORA WILL NOT SETTLE FOR JUST ANYTHING AND WANTS TO OFFER SINGULARITY.

The SKIN, our identity

Our sense is the sense of TOUCH in the broadest sense of the word. We have to touch to be able to feel and we want the objects we use to acquire value through the tactile sensations they give us.

Experimenting with DIVERSITY

Reality sets a path for us. Nature is diverse. We research and take ideas from it that we later apply to products that offer multiple and diverse solutions.

Enjoying QUALITY

We research, work and create without ever losing the reference of QUALITY. Whatever their nature, FIORA products always respond to a high level of quality that exceeds the user's expectations.

Creating COMFORT

All our work must not lose sight of its main goal, which is that its use must improve the everyday life of people. We design to improve life, trying to provide value in each of the objects created.

InTOUCH, 4 textures

Feeling SKIN

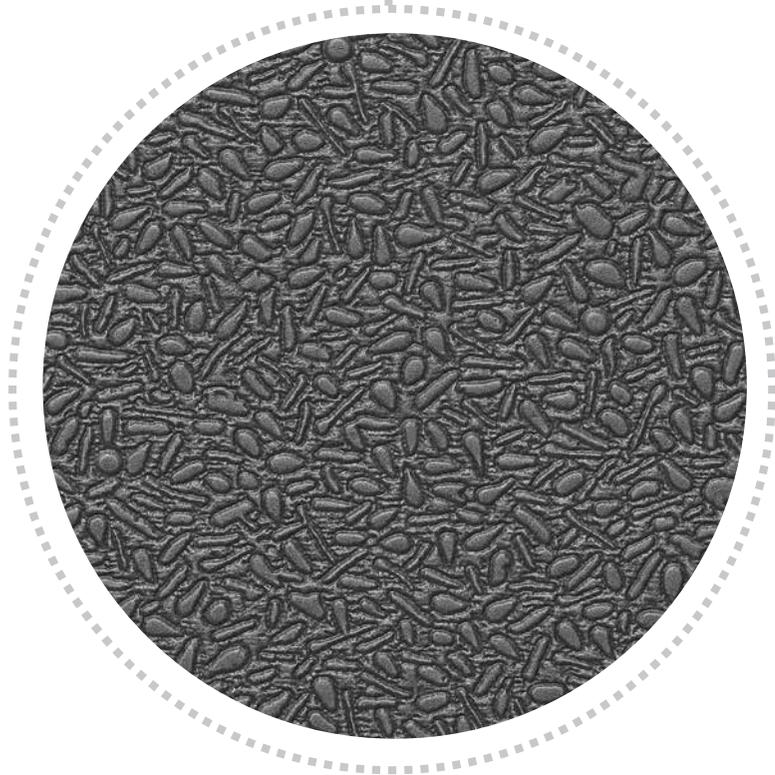

HILOS

A texture that stands out due to the delicacy of being present in your applications, providing elegance without covering the view of the shapes of its supports.

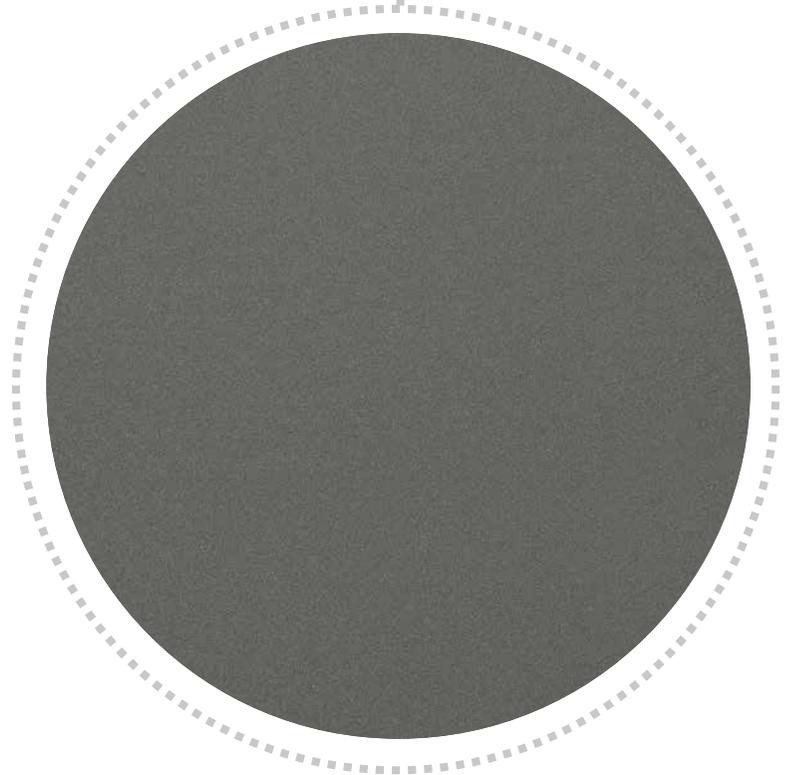

ROSAS

Flowers is designed to endow the objects it is applied to with boldness. It is a fine and elegant figurative texture.

SEMILLAS

The seeds become a background texture with a density that is, at once, surprising and glamorous.

PLANO

In order to appreciate the InTOUCH shapes 100%, we offer the possibility of finishes in smooth colours. Always sober but elegant.

**CHROME
PERIMETER SECTIONS**

A detail of the original design that frames and highlights the values of colour and texture of the furniture.

STORAGE TRAY

To guarantee the tidiness of your everyday personal objects, as well as to take full advantage of the available space, the drawers include a practical storage tray.

ANTI-SLIP LINERS

This new liner placed at the bottom of the furniture has a rubber coating so that objects do not slip, creating disorder.

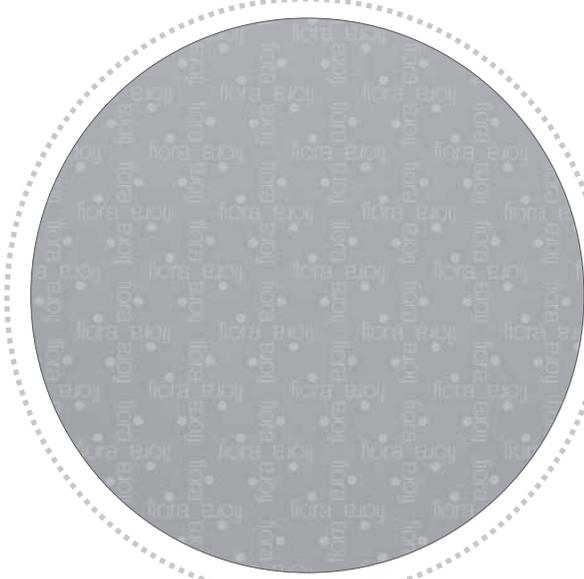

**FLASHING FOR
CORNERS**

This flashing, in addition to decorating and improving its final appearance, improves the sealing of the drawers. Innovating to offer you the most exclusive elements.

**EXCLUSIVE INTERIORS
PERSONALISED**

FIORA has created a unique and personalised pattern that clearly identifies its products and sets them apart from any other.
