Bath collection

Marble stones are eternal, and so remain the objects sculpted out of them. Our purpose is to make of each piece a symbol of eternal beauty you feel like touching every day.

Les pierres de marbre sont éternelles, et ainsi restent les objets sculptés hors d'eux. Notre but est de faire de chaque pièce un symbole de la beauté éternelle, qui donne envie de toucher tous les jours.

As pedras naturais são eternas, assim como os objectos delas esculpidos. O que nos move é fazer de cada peça um simbolo de beleza eterna que apetece tocar todos os dias.
