GIUSTI PORTOS

OPERA UNICA

50^o
ANNIVERSARY

Siamo a Pontedera, in Toscana, negli anni '50: Portos entra alla Piaggio, scelto tra tanti candidati da esperti ingegneri che vedono in lui le doti giuste. La Vespa fa muovere l'Italia, e le mani di Portos contribuiscono a far nascere lo scooter più famoso del mondo. Arrivano gli anni '60, quelli del "boom", e nel fermento generale del momento Portos decide di lasciare la Piaggio e avviare un'idea imprenditoriale con alcuni amici, creando una bottega artigianale dove realizzare oggetti e accessori in ottone per aziende di arredamento. Poi un giorno accetta la sfida che cambierà la sua vita: realizzare un letto su disegno. Per i suoi soci il progetto è troppo complicato, secondo loro non vale la pena perderci tempo, così Portos decide di continuare la strada da solo, e di provarci. Quando il letto è finito, è un grande piacere metterci la firma: Giusti Portos. Il cognome toscano e il nome romanzesco si accavallano a creare un marchio unico e riconoscibile.

Every time that Portos saw a Vespa go by he thought: "There's soul in that metal." We are in Pontedera, in Tuscany in the 1950s; Portos was taken on at Piaggio, chosen from among the many candidates by expert engineers who saw that he had the right talents. The Vespa got Italy on the move, and Portos had a hand in bringing to life the most famous scooter in the world. Then came the 1960s, the boom years, and during the general ferment Portos decided to leave Piaggio and set up a business with some friends, creating an artisans' workshop making brass objects and accessories for furniture companies. Then one day he accepted the challenge that was to change his life: making a made-to-measure bed. The project was too complicated for his partners; they thought it was not worth wasting time over so Portos decided to continue on his way alone and to have a go. When the bed was finished, he had great pleasure in putting his signature on it: Giusti Portos. The Tuscan surname and the romantic name came together to create a unique and recognisable trademark.

E' lineare e rigoroso il segno stilistico della collezione. La sobrietà del design può però essere arricchita con maniglie decorative finemente lavorate, un'ampia scelta di finiture e l'applicazione di foglia d'oro e d'argento. L'ambiente cucina di Maison Giusti Portos diventa così fortemente personalizzabile, anche con l'inserimento di complementi e arredi dell'intera produzione aziendale.

MEDEA

The overall look of the collection is linear and understated. The sobriety of the design can be spiced up, however, with finely crafted decorative handles, a wide range of finishes and the application of gold and silver leaf. The Maison Giusti Portos kitchen therefore offers many customization options, including the possibility of adding furnishings and accessories from the rest of the company's product line.
